

Training Course Outline

Pre-requisite: Familiar with AutoCAD fundamentals.

Course Fee: \$795

Course Length: 2 days

To register for this class please visit our Training page on our web site www.thePPIgroup.com.

We have two training locations to serve you:

Portland Office:
6015 NE 80th Ave Suite 400
Portland, OR 97218
503.231.1576/800.247.1927

Seattle Office:
19110 66th Ave So. G-101
Kent, WA 98032
425.251.9722/800.558.5368

AutoCAD Architecture 2008

The PPI Group's Introduction AutoCAD Architecture class introduces the AutoCAD user to the fundamental features in AutoCAD Architecture. You will learn how AutoCAD Architecture can be used to design. Students will explore methods to create complex roofs and floors. You will also learn the tools AutoCAD Architecture provides for generating schedules. Upon completion of this course you will be able to use AutoCAD Architecture to design and draft a set of construction documents.

Design Tools & Resources

- Design Resources
- Tool Palettes
- AEC Modify Tools
- Grips & Dynamic Dimensions
- Layer Filters and States
- Object Display Options
- Project Management

Building Model Grid Layouts

- Creating Ceiling Grids
- Adding Ceiling Fixtures
- Creating Column Grids
- Adding Structural Members

Building Model Walls, Floors & Roofs

- Adding Walls
- Adding Curtain Walls
- Adding Floors
- Adding Roofs

Inside the Building Model

- Adding Wall Openings
- Adding Spaces
- Adding Stairs
- Creating Door/Window Assemblies
- Creating Mass Elements

Design Display & Annotation

- Annotating Drawings
- Adding Schedules
- View Drawings and Model Space Views
- Callouts and callout views
- Plotting Sheets
- Transmitting and Publishing Sheets

Autodesk
Authorized Value Added Reseller

about us:

As an Authorized Value Added Autodesk Reseller, the PPI Group will deliver the very best in service and technical support. With two decades of experience as an Autodesk partner, we have the knowledge base to be your expert. When it comes to learning, using, customizing and developing your CAD Environment, our staff can be your guide for products such as: AutoCAD, Civil 3D, Land Desktop, Building Systems, Architectural Desktop, Survey, VIZ, CAiCE, Revit, Map 3D and Raster Design. Leverage your relationship with us to empower your users to achieve leadership in design.
