

Training Course Outline

Prerequisite: Familiar with Windows operating system. General AutoCAD knowledge.

Course Fee: \$350

Course Length: 4 hours

Register: For upcoming dates and times, please call our training coordinator at 800.247.1927 or view our training calendar at www.thePPIgroup.com/training.html

We have two locations to serve you:

Portland Office:
503.231.1576 | 800.247.1927

Seattle Office:
425.251.9722 | 800.558.5368

AutoCAD® Dynamic Blocks & Tool Palettes

This course will teach you how to create blocks that are intelligent and flexible. A block library might have dozens of windows. With Dynamic Blocks you can create on block that takes the place of all these related blocks and be confident that modifications match the dimensions of their real world objects. Once you've created your block library, leverage the power of Tool Palettes to manage your blocks. Tool Palettes allow you to categorize your blocks, enforce company CAD standards and automate command functions

This four hour class covers:

- Inserting and manipulating dynamic blocks
- Creating dynamic blocks
- Using the Dynamic Block Authoring Tools
- Adding Blocks to Tool Palettes
- Modifying Tool properties in Palettes
- Adding Custom Commands to Tool Palettes
- Importing and Exporting Custom Palettes

Training with PPI.

- Gets you productive quicker. Our experienced instructors have, on average, over 12 years experience in the AutoCAD® support industry.
- Gets you access to full size state-of-the-art Autodesk® Authorized Training Centers.
- Gets you free and ample parking at both locations.
- Provides you with qualified PDH (Professional Development Hours) for Engineers & Land Surveyors, as well as AIA CES Learning Units for Architects.
