

Training Course Outline

Prerequisite: Introduction to Civil 3D course or equivalent experience highly recommended or instructor approval required.

Course Fee: \$795

Course Length: 2 days

Register: For upcoming dates and times, please call our training coordinator at 800.247.1927 or view our training calendar at www.thePPIgroup.com/training.html

We have two locations to serve you:

Portland Office:
503.231.1576 | 800.247.1927

Seattle Office:
425.251.9722 | 800.558.5368

AutoCAD® Civil 3D Styles

AutoCAD® Civil 3D software is a powerful civil engineering tool that creates intelligent relationships between objects so design changes are dynamically updated. This 2-day course introduces the student to the use of styles within Civil 3D. It is an in-depth hands-on class that will take the student through building and customizing each component of Civil 3D Styles. The users will be able to apply these styles to their own company standards and will take these styles set back to the office at the conclusion of the course.

Day 1

- Alignment Styles
- Alignment Label Styles
- Alignment Table Styles
- Parcel Styles
- Parcel Label Styles
- Grading Styles
- Grading Criteria sets
- Profile Label Styles
- Profile View Styles
- Profile View Label Styles
- Profile View Band Styles
- Sample Line Styles
- Sample Label Styles
- Section Styles
- Section View Styles
- Copy and transfer all newly created styles to a Template

Day 2

- Hands-on with Styles

Training with PPI.

- Gets you productive quicker. Our experienced instructors have, on average, over 12 years experience in the AutoCAD® support industry.
- Gets you access to full size state-of-the-art Autodesk® Authorized Training Centers.
- Gets you free and ample parking at both locations.
- Provides you with qualified PDH (Professional Development Hours) for Engineers & Land Surveyors, as well as AIA CES Learning Units for Architects.
